WHO WE ARE

The Italy-America Chamber of Commerce Southeast (IACCSE) is an association of businesses and professional firms devoted to fostering trade between Italy and the United States. The IACCSE is officially recognized by the Italian Government and is part of Assocamerestero, the official network of 80 Italian chambers from 56 countries.

Since its inception in 1991, the Chamber has been expanding continuously, in proportion to the growth of the Italian business community in the Southeast.

With its bi-national mindset, the IACCSE works hard to promote “Made in Italy” products in the US market as well as to link our Members, with the primary goal of improving the business climate and expanding opportunities for Italian and American businesses.
